FIZIKA A (Zagreb) Printed issue:
ISSN 1330-0008
A JOURNAL OF EXPERIMENTAL AND THEORETICAL PHYSICS
Published by the Croatian Physical Society

Editor: K. ILAKOVAC, Faculty of Science, University of Zagreb
Associate Editors: K. BILJAKOVIĆ, Institute of Physics, Zagreb
D. ŠOKČEVIĆ, "R. Bošković" Institute, Zagreb

Editorial Board

E. BABIĆ University of Zagreb, Zagreb, Croatia	S. BARIŠIĆ University of Zagreb, Zagreb, Croatia	R. BLINC J. Stefan Institute & University of Ljubljana, Ljubljana, Slovenia
L. COLOMBO R. Bošković Institute, Zagreb, Croatia	J. R. COOPER IRC in Superconductivity University of Cambridge, Cambridge, United Kingdom	A. DULČIĆ R. Bošković Institute & University of Zagreb, Zagreb, Croatia
J. FRIEDEL Université Paris Sud, Orsay, France	P. FULDE Max-Planck-Institut für Festkörperforschung, Stuttgart, Germany	C. RIZZUTO Interuniv. Consortium for the Physics of Matter, Genova, Italy
	M. ŠUNJIĆ University of Zagreb, Zagreb, Croatia	

Subscription rate per volume of Fizika A (one printed issue per year incl. CD-ROM): For Croatia: Members of the Croatian Physical Society 50 HRK, institutions 200 HRK; foreign orders \$ 60 plus postal charges. Fizika A & B one volume, CD-ROM only, \$ 15 plus postal charges.

Correspondence and/or calls regarding submission of manuscripts, enquiries, proofs, subscriptions, renewals, address changes and missing or damaged copies address to:

Editorial Office, Fizika, Bijenička 32, HR-10000 Zagreb, Croatia
Tel. +385-1-4680055, Fax. +385-1-4480336, E-mail: ilakovac@phy.hr

Payments should be made by bank transfer, check or bank money order.

Payments in HRK should be made to bank account no. 30102-678-4202

Payments in foreign currency should be made

– bank transfer to ZBZ dd SWIFT ZABA HRXX, account no. 25731-32 39 853 (HFD)

– checks should be sent to the Editorial Office, the payment to:

The Croatian Physical Society, account no. 25731-32 39 853.

The journal Fizika A (Zagreb) is financially supported by the Ministry of Science Education and Sports of the Republic of Croatia

The journal Fizika A (Zagreb) is abstracted/indexed by:
ALUMINIUM IND. ABS., ENERGY SCITEC, GEOREF, INSIDE
CONFERENCES, INSPEC, MATHSCI(R), NUCLEAR SCI. ABS., PASCAL
and UNCOVER

Fizika A (Zagreb) is available online (URL: <http://fizika.phy.hr>) and on
CD-ROM.

CD-ROM editions of Fizika A (Zagreb) Vol. 6 (1997) and further issues are
available.

CONTENTS, FIZIKA A, VOLUME 16 (2007)

(by subfields)

Note: The page numbering of articles is done when articles are ready for publication and placed online on Fizika web pages. In these Contents, the articles are rearranged according to the subfields of physics represented in the journal. Therefore, page numbering is not consecutive.

CLASSICAL PHYSICS

- Yuan-Xi Xie*: A direct approach for solving the Burgers equation 129
- R. A. El-Nabulsi* : Geometry of manifolds on Lie endomorphism space and their duals under fractional action-like variational approach 137
- R. C. Shah and M. V. Bhat*: Ferrofluid-lubricated secant-shaped squeeze-film bearing with anisotropic permeability, slip velocity material parameter and rotational inertia 167
- S. Pleslić and Ž. Andreić*: Application of Rogowski coil in fast pulsed-current measurements of capillary discharge 233

CONDENSED MATTER PHYSICS

- S. A. Safwan, M. H. Hekmat and N. A. El-Meshad*: Exciton state in a quantum dot 1
- L. I. Soliman, T. A. Hendia and H. A. Zayed*: Effect of annealing on the switching properties of CuInSeTe thin films 39
- Y. Kadiri, R. Albaki and J. L. Bretonnet*: Thermodynamic equivalence between the Lennard-Jones and hard-core attractive Yukawa systems 47
- F. I. Ezema and R. U. Osuji*: Preparation and optical properties of chemical bath deposited MnCdS₂ thin films 107
- E. Bešić and J. N. Herak*: EPR spectroscopy of 5-YL radicals in gamma-irradiated single crystals of 2-thiothymine 117
- Aditya M. Vora*: Computation of phonon dispersion in non-crystalline Mg-based alloys 187
- A. M. Mesón, S. E. Fasano and M. N. Salerno*: Power-law generalizations for studying dynamical systems 223

PLASMA PHYSICS

- K. K. Mondal*: General theory of higher-order corrections to solitary waves in a multicomponent plasma 11
- S. Chattopadhyay*: Effects of ionic temperatures on phase velocities of ion-acoustic solitary waves in a drift negative-ion plasma with single temperature electron 25
- S. Chattopadhyay*: Effects of drift negative ion plasmas on ion-acoustic solitary waves in drift cold positive ion plasmas with isothermal electrons 63
- M. Eddahby, M. Samir, A. Dezairi, D. Saifaoui, M. El Mouden and O. El Haitami*: The physical problem and the modelling of the sheath in collisional dusty plasma 79

<i>S. N. Paul, Ch. Das, B. Paul, S. K. Bhattacharya and B. Chakraborty:</i> Study of Landau damping of ion-acoustic waves in doped plasma	91
--	----

TEACHING AND HISTORY OF PHYSICS

<i>Carlos Hunte:</i> Coupled oscillators: An informative problem solving approach	157
<i>A. Ilakovic and K. Ilakovic:</i> Single-point observation of rapidly moving objects	179
<i>Tomislav Ivezić:</i> Jackson's paradox and its resolution by the four-dimensional geometric quantities	207

Authors are advised to consult "Instructions for Authors" on Fizika web pages at <http://fizika.phy.hr> before starting preparations of the manuscript for submission for publication in Fizika A.

INSTRUCTIONS

Fizika A is a journal publishing the results of original experimental and theoretical research work in classical physics, atomic and molecular physics, condensed matter physics, plasma physics and teaching and history of physics. Contributions written in English, French, German or Russian are accepted. They should be submitted in duplicate, typed on good quality paper on one side only, with double spacing and wide margins, with original drawings of figures and one further copy of the title and abstract in English if the original is in a different language. The abstract should not exceed 600 letters including all symbols.

The front page of each manuscript should include the title of the paper, author's full name(s), affiliation(s) with full address(es) and preferably the UDC and PACS classification numbers. To speed up communication, authors are encouraged to provide e-mail address, FAX and telephone numbers. Unless requested otherwise, the e-mail address and/or FAX number will be published with the author's address.

International system of units (SI) should be used whenever possible, particularly in quoting final results and in table and figure inscriptions.

The figures should preferably be produced by a laser printer on good-quality white paper or drawn in Indian ink on tracing paper. Figures should be fully lettered. Black and white photographs on glossy paper with high contrast are accepted. Reduction to about 1/3 of the original size is usually used. The lettering in the figures must be large enough to make the final size at least 1.5 mm high. All figures should be numbered consecutively with Arabic numerals in order of appearance in the text, and each should have a descriptive caption.

Each table should be numbered sequentially and should have a descriptive caption.

References should be numbered consecutively with Arabic numbers in square brackets. In the text the abbreviation et al. should not be used for papers written by two authors. All references should be listed on a separate sheet and **should include the names of all authors**. (Except for very large collaborations of more than about 10 authors.) The references should be written using the following style: [5] S. Smith and J. K. Jones, Phys. Rev. **295** (1972) 422.

Equations should be written carefully and clearly and numbered sequentially on the right-hand side. Special care should be paid to all symbols that can be misread, confused or are ambiguous (e.g. to distinguish between subscripts and superscripts). Please add a note in the margin to avoid such ambiguities or to explain special symbols.

The footnotes should be numbered in Arabic superscripts and placed at the bottom of the page in which they appear in the manuscript.

When typing the manuscript, authors are strongly advised to consult recent issues of Fizika.

A shorter paper, not subdivided into sections, of less than 600 words in length, with a modest number of illustrations and a short abstract, should be submitted as "Letter to the Editor".

For refereeing purposes only, papers including figures may also be sent by FAX. After the paper has been accepted for publication, the author(s) will be advised to send two original copies, including figures, to the Editor for further processing.

To speed up the publication, the authors of accepted papers are encouraged to send a source file of their papers in standard L^AT_EX (style "article") or in plain T_EX without any author-defined styles and/or macros, and figures in PostScript format. This can be done by electronic mail or on a floppy disc (MS-DOS). Please read "Instructions for Authors" on our home pages.

When submitting a paper, the authors should include a covering letter, signed by one of the authors, clearly requesting publication of the paper in the journal *Fizika*.

The submission of the paper will be taken to imply that no copyright will thereby be infringed.

There is no page charge for publication of papers and authors are entitled to 30 free reprints.

The manuscripts of papers accepted for publication are not returned.

Manuscripts for publication and all correspondence should be sent to: The Editor, *Fizika*, Bijenička c. 32, HR-10000 Zagreb, CROATIA. FAX +385-1-4680 336 or +385-1-4680 055, e-mail: ilakovac@phy.hr.

SERVICE FOR THE READERS OF THE JOURNALS FIZIKA A & B

The contents and abstracts of *Fizika A* and *Fizika B* since 1992 (in hypertext) and full articles since 1997 (in ps and pdf formats) are available on the computer network Internet. They can be accessed by using the following URL of our home pages:

<http://fizika.phy.hr/> or <http://fizika.hfd.hr/>
